Fashion & Fabrics

Furnishing with passion: design and colour concept are the two sides of the coin, so that the stylish interior design of the hairdressing salon can develop its attitude. Designed by GREINER means that styling and shampoo chairs can be uncompromisingly integrated into your individual colour concepts.

Quality down to the finest seam: Made by GREINER is Made in Germany. Comprehensive in-house production control allows a quality promise for every GREINER chair. It is based on a controlled value system consisting of function, design, quality, sustainability and service.

CARISMA

Gloss, fragrance and value retention of your cover fabrics with CARISMA. For thorough cleaning, optimum care and better protection of the leatherettes, you can now do even more: with the new CARISMA Cleaning & Care Lotion – all in one!

All materials match high-quality, stretchable jersey fabric with foam-soft, abrasion-resistant plastic coating. They are flame retardant, lightfast, tear-resistant, easy to clean and resistant to disinfectants. For long-lasting use, please clean and maintain the material regularly with CARISMA. Soiling caused by oils, greases, chemicals and dyes, ink and organic acids must be removed immediately. Do not apply hairspray directly onto the leatherette – make sure to use capes when finishing. Protective covers are available as accessories for the dyeing area. For more detailed information, please refer to the GREINER care instructions. Solvents, chlorides, chemical cleaning agents or wax polishes can attack the surface. Likewise, staining caused by jeans or other textiles is excluded from any manufacturer's warranty.

we design quality.

Inspiration & Creation

What a wonderful and exciting moment when you can express your style with the choice of cover material and colours for your styling and shampoo chairs. GREINER offers you the choice: with more than 30 variants, you can unleash your personal creativity and enjoy quality results. Test the look & feel of the material samples. You can also get excellent tips from the furnishing specialists of our hairline retailers, who are very familiar with our products. Let them inspire you and advise you on what suits you best.

SUPERTEX

This innovative material with its fine textile structure is not only particularly soft to the touch, it also exudes high quality. The seating experience is correspondingly comfortable.

„Supertex“ reflects the incident light in completely different ways, so that it develops an exciting mix of colour, light reflection and shading from different angles. The 9 colour shades are borrowed from current trends in furniture design and at the same time have a wonderfully timeless effect.

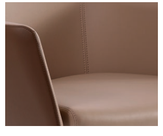

ETNIC

The style-defining grain and the 6 natural tones show their connection to the earth and the elements. Especially in a salon design that is oriented towards wellness, connectedness and warmth, they come into their own perfectly.

AIRPOR

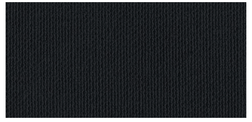

The coated hard-wearing material has been used for many years both for its fine grain and for its airy seating comfort. The vinyl surface has a pleasant touch and is easy to clean.

COMPACT

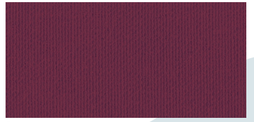

This line is very hard-wearing and is distinguished by its comfort, durability and a wide range of colours in 12 shades. The fine, light graining of the surface has a pleasantly approachable effect and at the same time protects against abrasion.
